Dear Jack & Jill:

Kate getting home from work so this letter won't be much. Quite a bunch at night school.

Saw Larry Wolf with his parents having supper with his folks in the Pal tonight. Guess he was returned from New York. Don't know the details.

Jim Rohn is giving the news: Senator Langer is in Bethesda Naval Hospital in an oxygen tent and has had 3 blood transfusions. Know him?

I can imagine how excited the Chorus is by now about getting the show on the road.

There will be more money for the trip - this is just a starter. Hope you get the gray pants - they went on #2 today. Bye now & love from the Home Folks.
