Tuesday Noon

Dear Johnnies:

My lunch hour but I didn't go home this noon. Sent your socks on #2 today, Mike, and hope they arrive. The weather is ideal here and so it should be for your trip.

Dad is coming up to get the mail out--here is another \$5 and will get somemore before you go. I will get you some money to spend, Tom, for the week-end so let Mike take all available cash as he will be hard to reach, once he gets traveling.

No news much--am hoping you got my Monday's letter today!! Sometimes you do and sometimes you don't--oh! well! it will get there tomorrow then (Wednesday) which will be time enough.

Why don't you sit down and write me a note, Tom, after the bus leaves so I will know how everything got started.

Love,

Ma
